### Certification

I have reviewed the Material Differences Report generated by FMS' IRAS from intragovernmental data submitted by our agency and associated trading partner(s). The data provided by this agency is consistent with its supporting records and is derivative of unaudited financial statement data submitted to OMB, as indicated from the disposition of material differences by: 'X' in the 1-confirm reporting column, or reported in columns 3-timing differences, or 4-accounting method difference. Or, in the event of accounting/reporting error(s), the agency is expected to correct reporting in a subsequent period, and account for/report timing difference activity.
